Beschrijving

This Bali 4.6, model year 2026, was launched by Croatia Yachting and features the highly recommended charter configuration with 5 guest cabins and 4 + 1 heads. The yacht is located in Marina Kaštela and will be ready for takeover in October 2026, after completing her first charter season.

With her elegant design, the Bali 4.6 is a true standout in her class, offering the signature Open Space concept where the aft cockpit and saloon merge into one large living area via the iconic Bali tilting garage door.

The fully equipped galley includes a double fridge and freezer, while modern interior finishes enhance onboard comfort. From the saloon, there is direct access to the forward cockpit, ideal for relaxing and enjoying the sea breeze.

The forward cockpit offers generous space for the whole family, while the flybridge with sunbeds, table, and fridge provides spectacular 360° views for ultimate relaxation.

This yacht is equipped with premium features including air conditioning, generator, solar panels, watermaker, grill, dishwasher, electric toilets and underwater lights, ensuring maximum comfort and autonomy both at sea and in the marina.
