Beschrijving

With a professional-grade aluminum hull developed according to DNV-GL's high requirements for "High Speed Light Craft", extreme strength and seaworthiness are combined with exclusive comfort and uncompromising quality in every detail.

The powerful Volvo Penta D6-440 provides impressive performance and a safe, stable ride even in tough conditions.

The boat is Swedish-made in collaboration with Westers Mekaniska and equipped with professional cushioned seats from Ullman Dynamics for maximum comfort during long drives in high seas. The purpose-built interior and the exclusive material choices create a premium feel that few boats in the segment can match.

This is a boat for the discerning owner who wants something very unusual - a model that signals strength, quality and personality with a design that attracts attention wherever she is shown.
