Technische uitrusting	**generator**
Interieur	**barbecue, spoelbak**
Consumenten-electronica	**cd**
Veiligheid	**EPIRB, reddingsvesten**
Zeilen	**spinnaker**

Beschrijving

Remarks :
Spyder is an excellent example of the Dehler 38 CWS - a fractional rigged, fin keeled sloop, built in 1988 and designed by E.G. Van de Stadt with 8 berths. A well maintained example of this fast cruiser/racer. The Central Winch System (CWS) makes for easy control of lines and sail trim making single handed sailing a realistic option. The spacious cockpit, fast hull lines and comfortable accommodation make it ideal for coastal sailing and offshore passage making.
Part Exchange and Finance available.

Accommodation :
Saloon area has large v-shaped table, with fold over extensions running down both sides. Table can be completely removed for easy access all round to engine. Table can seat 10 with extra seat which fits across forepeak door. Seats on both sides of saloon convert into wide berths. Ample stowage below seats and above in lockers and shelves.
L-shaped galley area has additional work surface which can be folded away whilst at sea. Electric fridge, double sink with hot and cold running water. 3 ring gas cooker with grill and oven (new 2020). Cupboard under sink and ample storage overhead
Headroom of 1.90m, 8 berths, 2 in v-shaped forepeak, 2 in saloon and 2 x double quarter berths.
Both quarter berths have en-suite heads, stowable large sinks with hot and cold running water, and a shower in port side berth. Quarter berths have a seat and hanging wardrobe outboard, with cupboard inboard, storage under berth and overhead lockers. V- berth has very large stowage area underneath, with overhead cupboards above and at bow.

Euroyachts Disclaimer
The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated.
