DUFOUR 34 GTE

The perfect balance between helm sensation and absolute serenity

Are you looking for a sailboat capable of overtaking the fleet upwind while offering impeccable comfort on a cruise? Look no further: this mythical unit signed by Umberto Felci is probably the best opportunity in its category.

Voted *European Yacht of the Year* upon its release, the Dufour 34 Performance in its **GTE version (Grand Draft - 1.90 m)** is a true reference. It offers exemplary stiffness to the sail, a smooth passage through the chop, and a rare finesse of helm touch.

Why this example is exceptional:

New engine: The central element of the boat's value! You sail with complete peace of mind, with zero costs or mechanical surprises to expect for the next ten years. An immense added value for resale as well as for daily safety.

Very good general condition: Carefully maintained by its owner, the boat features healthy structures, warm woodwork, and equipment ready to cast off.

Total versatility: Equally at ease for quickly covering miles on offshore cruises as for weekend racing with a crew or solo sailing.

A high-performance, secure, and mechanically like-new sailboat is a rare asset on the current market.
