2022 Elan Impression 40.1 – Take Over a Running Charter Company | €90,000 + Low-Rate Leasing at 2.9%

Own a nearly-new 40-footer for €90,000 upfront, with charter income paying most of the rest.

We are selling 100% of a Croatian charter company (d.o.o.) together with its 2022 Elan Impression 40.1. The boat is financed through an active UniCredit Leasing contract signed in 2022 at a 2.90% nominal interest rate, a rate that is no longer available in today's market.

The numbers
Price for the company: €90,000
Leasing installment: €1,363.87/month (€16,366/year)
Remaining term: 31 installments until May 2029, then a final buyout of €43,453.50 in June 2029. After that, the boat is fully yours.
Outstanding leasing principal: approx. €81,000 (as of November 2026)

Charter income works for you
The boat is sold together with its existing charter management agreement. It is professionally managed and marketed every season in one of the Mediterranean's strongest charter markets. Charter income covers the major part of the leasing installments
