Beschrijving

A tidy example of the sought-after Etap 37S (2003), presented in excellent condition and registered under the Belgian flag, with just two careful owners from new.

Designed with both performance and comfort in mind, she offers a well-appointed interior featuring two spacious double cabins and a practical single-head layout, making her ideal for extended cruising or family sailing.

Powered by a reliable Volvo M2030 engine, she has been well maintained and is fully prepared for the season ahead. Recent works include a full engine service and fresh antifouling completed in January, ensuring she is ready to step aboard and sail away.

The vessels current berth is available for separate discussion and negotiation, should a purchaser wish to continue this.

Renowned for Etap’s unsinkable construction and thoughtful design, this 37S delivers exceptional stability, safety, and seaworthiness. Her hull form provides confident handling in a wide range of conditions, giving peace of mind whether coastal cruising or undertaking longer passages.

This is a turn-key yacht offering a fantastic balance of performance, comfort, and reliability, an ideal opportunity for those seeking a capable cruiser.
