Divisie - hutten	**aparte bemanningskabine (1), eigenaarshut (1), gastenhut (2), salon, stuurpositie op flybridge**

Beschrijving

This 2024 Explorer 62 represents an exceptional opportunity for a buyer seeking a nearly new, comprehensively equipped motor yacht without the waiting time associated with a new build. Privately used from new, she has approximately 190 engine hours and benefits from a complete service history.

At 18.50 metres in length with a generous 5.20-metre beam, the yacht offers impressive interior volume and expansive outdoor living areas. A bright salon, fully equipped galley, spacious cockpit, hydraulic swim platform and large flybridge create a comfortable environment for extended cruising, family holidays and relaxed days at sea.

The lower deck provides three comfortable guest cabins for six guests. The full-beam master suite offers excellent space and privacy, while every guest cabin has its own en-suite bathroom. A separate crew cabin with a private bathroom allows professional service without compromising the privacy of the owner and guests.

Twin Volvo Penta IPS 800 engines, joystick control and Dynamic Positioning System provide precise manoeuvring and refined cruising performance. One of the yacht’s most distinctive features is the combination of a Seakeeper 9 gyroscopic stabiliser and active fin stabilisers. Together, these systems significantly improve comfort both at anchor and while underway.

The specification includes air conditioning, generator, watermaker, hydraulic swim platform and a comprehensive Raymarine navigation package with radar, autopilot, AIS, cameras and depth sounder. Teak decking, bimini, exterior refrigerator and grill complete the outdoor lifestyle areas.

Before the manufacturer’s warranty expires, the yacht will undergo a comprehensive warranty inspection, providing the next owner with a carefully checked and properly prepared vessel.

The yacht is located in Italy. Private viewings, inspection of the service documentation and a sea trial can be arranged by prior appointment.
