Uitrusting

Navigatie	**autopilot, echolood, GPS, plotter, radar, VHF-radio**
Technische uitrusting	**generator, boegschroef**

Beschrijving

Offered EU VAT Paid, this 1998 Falcon 92 Flybridge has benefited from an exceptional programme of upgrades, highlighted by MTU engine overhauls completed by authorised agents in 2024. Additional improvements include new Kohler generators, new teak decking, new shafts and propellers (2022), new Tecnicomar watermaker, new plumbing systems, new boilers, new fan coils and anti-osmosis treatment completed in May 2022, making her a compelling opportunity for buyers seeking a mechanically updated superyacht.

Powered by twin MTU 16V 1800 M90 1,800 HP shaft-drive diesel engines, with approximately 20 recorded engine hours since the 2024 overhaul at the time of listing, she also features twin new Kohler generators, Tecnicomar watermaker, Furuno navigation suite, Raymarine autopilot, electro-hydraulic passerelle, hydraulic bow thruster, two electric Lofrans windlasses and an AB aluminium tender with Yamaha outboard.

Accommodation for up to twelve guests in five en-suite cabins, together with three crew cabins for five crew, makes her equally suitable for luxury private cruising or charter operation.

A detailed PDF presentation, complete equipment specification and additional photographs for Alvea REF1593 are available upon request through Alvea Yachts. Private viewings of this used Falcon 92 Flybridge for sale can be arranged by appointment.
