Interieur uitrusting	**beddengoed, handdoeken, koelkast, verwarming**
Entertainment- en kantoorelectronica	**internet, satelliettelevisie, tv, tv antenne**

Beschrijving

Ferretti 860 represents the latest creation of Ferretti Yachts and designed by Arch. Filippo Salvetti for the exteriors and Ideaitalia for the interior design.
This is the vessel that more than any other manages to enclose in almost 27 meters characteristics of spaces and fittings that until now were present in much larger vessels. The fresh and contemporary interiors, finished with the highest quality materials worked by master craftsmen, stand out for their unmistakable style and the large windows that fill the living room with light. The particular sinusoidal staircase leads to the lower deck where there are 4 cabins: a master cabin amidships with a king-size bed, a VIP cabin forward and a double and a twin cabin amidships. All are equipped with private bathroom, Smart TV, air conditioning. The lines of the hull are unmistakable and the external spaces of the Ferretti 860 Vittoria are the best you could ask for. A large aft cockpit with dining table and large seats, a sunbathing and lounge area on the bow and a particularly large flybridge where there are sun loungers, a large table and a bar counter. Particularly noteworthy are the stability of the vessel, which is equipped with both stabilizing fins and a gyroscopic stabilizer, and the low consumption at low revs.
The crew consists of 4 people and the supply of water toys is particularly generous.
