In the floating holiday homes at the exclusive BALTIC SEA RESORT®—situated within a nature reserve off the island of Usedom—a vacation becomes a deeply restorative experience, in any season. Here, you can witness the most stunning sunrises and sunsets, along with star-filled night skies over the water—all while being right in the heart of it.
As the water gently and almost imperceptibly rocks your floating home, you can enjoy amenities such as underfloor heating, high-end design, elegant furnishings, and a fireplace. Every unit also features breathtaking lake views and a private veranda equipped for barbecuing. Furthermore, the resort's extensive offerings—including boat rentals, a restaurant, wellness facilities, and shopping—perfectly round out your stay.

We are selling this houseboat on behalf of a client; there is no commission for the buyer. The houseboat is suitable for personal use or as an investment property for rental purposes. Let's talk about your dreams.
