Beschrijving

The JPK 998 is an iconic racer-cruiser designed by Jacques Valer and built by JPK Composites. Renowned for its IRC performance, it offers an excellent balance between speed, stability and ease of handling. Its modern hull design, light displacement, moderate beam and 2.10 m draft provide excellent stiffness under sail and safe, predictable behavior in all conditions. The powerful sail plan, combined with a fractional rig, makes it a fast, versatile yacht that is a pleasure to helm, whether sailed short-handed or in full racing configuration.
The JPK 998 “Bart”, formerly Give Me Five, boasts a well-established racing record, reflecting both its strong potential and careful preparation. Proven and competitive, “Bart” represents an ideal opportunity for a crew seeking a reliable, high-performance yacht, ready to race in coastal or offshore events.
