LAGOON 40 for sale

Description
My Lagoon 40 belongs to a charter company (rental). This catamaran is ideal for family or friends vacations, offering unparalleled comfort with its 4 spacious cabins. The bathrooms, with separate shower and toilet areas, add a touch of luxury to your adventure.

Technical Specifications
The Lagoon 40 is a liveaboard cruising catamaran built by the Lagoon shipyard in France. This sailboat with a wing keel is set on a split sloop, built by Van Peteghem and Lauriot Prévost shipbuilders, with a maximum draft of 1.35 m. Production began in 2019.

Comfort and Design
The Lagoon 40 debuted alongside the Lagoon Seventy 8 and Lagoon 50 motor yachts at the Paris Boat Show in December 2017 and introduced new visual features. Lagoon Shipyard launched the Lagoon 40 designed by Patrick le Quément and Marc Van Peteghem, showcasing a new style.

Bright Interior
Wherever you are, stay connected with the environment around you. The panoramic glazing brings great brightness on board and offers an exceptional view to the outside. Each cabin benefits from the best lighting provided by the oversized hull glass with integrated portholes and offers an unobstructed view of the sea.

Spacious Cockpit
Spacious, the cockpit offers a relaxation area and seating on the aft beam. The aft skirts provide privileged access to the water at anchor, while ensuring safety and comfort. The wide side deck and efficient deck layout simplify the main operations of the helm station and also offer better safety on board.

Price and Benefits
The price is exclusive of VAT, which may allow a company to continue this activity or a foreigner to benefit from a more attractive price. Benefiting from a maximum headroom of 2 meters, the well-lit saloon includes a huge dining table. The meals are located at the front and on the navigation table equipped with chart tables. The U-shaped galley installed to starboard is directly connected to the cockpit, which is more practical to use for users.

Why is this Lagoon 40 interesting to buy?
The Lagoon 40 is an exceptional catamaran, ideal for long cruises thanks to its energy autonomy and robust construction. Its rigorous maintenance and modern equipment make it a perfect choice for long-distance sailing enthusiasts. Additionally, its price exclusive of VAT makes it particularly attractive for charter companies or foreign buyers.
