Catamaran Rental in Galicia: Lagoon 42 at Marina Estrella Charter

If you're looking to rent a catamaran in Galicia, the Lagoon 42 is the perfect choice for a luxurious and comfortable sailing experience. This sleek 12.80-meter catamaran features 4 double cabins, offering plenty of space for up to 8 guests, and 4 bathrooms, each with separate showers, ensuring total privacy and comfort on board.

The Lagoon 42 maintains the signature characteristics of the Lagoon family, with a fluid, elegant design and an entirely new ergonomic layout that maximizes space and facilitates easy movement on board. The aft cabins are equipped with double beds measuring 2.05m x 1.80m, while the forward cabins have double beds of 2.0m x 1.30m, ensuring a restful and relaxing sleep.

The panoramic saloon is one of the standout features of this catamaran, with vertical glazing in the sliding roof that floods the entire space with natural light. Additionally, the sliding roof partition offers excellent communication between the cabin and the saloon, enhancing circulation on board and creating an open and bright atmosphere.

The exterior cockpit is fully protected from the sun and rain, while the catamaran also boasts a foredeck sunbathing area and additional sunbathing space over the saloon, providing the perfect spot to relax and enjoy the Galician sun as you sail through the Galician Rías. Large windows in the cabins provide stunning views and ample natural light, creating a bright, open environment.

Thanks to the static heating system on board, thermal comfort is guaranteed at any time of year. The catamaran is available for rent with or without a professional skipper, with most of our skippers being official guides of the Atlantic Islands National Park, ensuring a safe and enriching experience while exploring the stunning Galician coastline.
