Beschrijving

LAGOON 46 FROM 2023

Designed for Long Voyages: The Atlantic Challenge
Crossing the ocean aboard this 2023 Lagoon 46 allows you to experience the full power of its modern naval architecture (VPLP Design):

Safety & Stability: Impeccable seaworthiness in swells, smooth passage, and an astonishing ease in maintaining excellent daily averages.

Autonomy & Performance: Re-centered rigging, fluid sail plan, and optimized maneuvering stations. It can be handled with complete serenity, even with a reduced crew, allowing plenty of time to enjoy the journey.

The Master of Anchorage: Access to Inaccessible Paradises
Thanks to its shallow draft (1.35 m), this catamaran takes you where others cannot:

Close to the sand: Slip into the heart of the most preserved wild coves, anchor in 2 meters of crystal-clear water, and enjoy the spectacle.

The Art of Outdoor Living: Move from the immensely open aft cockpit to the forward cockpit for a sunset aperitif, or climb onto the **Flybridge** for a 360° panoramic view of the lagoon.

A Luxurious & Serene Setting (4 Cabins / 4 Bathrooms Version)
Onboard, the boundary between inside and outside fades to offer unparalleled living space:

A Square Bathed in Light: 360° panoramic windows, sumptuous kitchen facing the cockpit, and refined finishes.

Absolute Privacy: The 4 double cabins each offer their private bathroom with a separate shower. A true 5-star floating hotel to welcome family and friends without ever stepping on each other's toes.
