Persennings	**bimini top, cockpitkap, sprayhood / buiskap**
Divisie - hutten	**stuurpositie binnen**

Beschrijving

XBOAT ref :6405.
One of the very latest units from the prestigious Lagoon 620 series!

Built in 2020 by CNB, ASTROLABE represents the culmination of this iconic range, which has established itself as a benchmark in the large cruising catamaran market.

This Lagoon 620 stands out with its custom layouts, originally designed with the help of a designer, and its contemporary finishes combining light oak, dark floors, and refined materials.

With its five cabins, its spacious panoramic saloon featuring a fully equipped galley, its generous outdoor spaces, and its convivial flybridge, ASTROLABE offers an exceptionally comfortable living environment, whether at anchor or under sail.

The two aft cabins with independent access from the side decks provide an additional asset for comfort and privacy on board.

A generously equipped unit for long-distance cruising

ASTROLABE is notably fitted with two 110 HP Volvo engines, a 19 kVA ONAN generator, two watermakers, centralized air conditioning, and a B&G electronics suite.

Outdoor equipment includes a large flybridge with a bimini, teak decks, a hydraulic swim platform, and electric davits for the tender.

Now used privately, ASTROLABE benefits from regular maintenance. The provided information notably mentions antifouling and rigging work carried out in February 2026.

CathYacht International’s opinion

ASTROLABE combines several sought-after features: a recent model year for the series, a customized interior, five cabins, and comprehensive equipment for long voyages. More details and pictures on xboat.uk
