Beschrijving

This beautiful Mortain-Mavrikios Nautitech 47 design is a privately owned catamaran that successfully sailed for the Croatian Charter company that permanently and meticulously maintained "Kassipopeia". A full documentation of her maintenance and upgrades is available. Unlike the earlier Nautitech 475, the 47 offers superior finishes, more comfort, and excellent offshore performance. Her sleek hulls and elevated bridge deck ensure a smooth and secure ride in heavy seas and strong winds. She performs confidently under sail and easily compares with many newer models. The twin helm stations with mechanical steering provide direct, responsive handling. The current German owner decided to offer his sound catamaran for sale because he retired from active sailing. With all key components serviced or replaced, this Nautitech 47 is fully equipped and ready to cross oceans. She is located in Turkey and available for viewings by appointment.
