Interieur	**magnetron, oven, vaatwasser, wasmachine**
Consumenten-electronica	**cd, dvd, tv**
Persennings	**hardtop**

Beschrijving

Remarks :
A particularly well-presented Pershing 65 HT combining the unmistakable performance and styling of the classic Pershing generation with an extensive programme of recent maintenance and upgrades.
Built by the Ferretti Group and powered by twin 1,500 HP MTU V12 engines coupled to Arneson Surface Drives, she offers the performance for which Pershing became renowned, with a reported top speed of approximately 45 knots.
What distinguishes this particular example is her presentation and the investment made by her current owner. The yacht benefits from recent MTU maintenance, a replacement Kohler 13 kVA generator, upgraded Raymarine navigation electronics, newer batteries, an electrical and LED lighting retrofit, recently renewed exterior upholstery and current maintenance to the gearboxes.
Her accommodation comprises three guest cabins for six, each with en-suite toilets, plus separate crew accommodation. The spacious saloon, fully equipped galley and generous exterior living areas make her equally suited to fast Mediterranean cruising and extended stays aboard.
Having personally inspected the yacht, Network Yacht Brokers Barcelona considers her interior presentation particularly impressive for a yacht of this age. The high-gloss joinery, light upholstery and upgraded lighting create a remarkably fresh and contemporary atmosphere.
EU VAT paid, Polish-registered, and lying in the Barcelona area.
Invoices and supporting documentation for significant recent maintenance are available.

Accommodation :
Accommodation for 6 guests in 3 cabins, plus separate crew accommodation. Maximum onboard capacity of 16 persons, as stated on the yacht's builder's plate.
Guest cabins: 3
Guest berths: 6
Crew cabin: Yes – accommodation for 1
Bathrooms: 3 en-suite guest bathrooms + crew toilet
Master / Owner's Cabin
Double berth
Approx. 2 m bed length
Storage
En-suite bathroom

Multiple TVs
TV receiver
Radio
Radio/CD system
DVD
Surround sound system
Saloon speakers
Cabin speakers
Exterior speakers
Wi-Fi
USB ports
WATER TOYS
Optional:
Paddleboard
Kayak
Snorkelling equipment
Jet ski
TANKAGE
Fuel: 2 × 1,420 L aluminium tanks
Total fuel capacity: approx. 2,840 L
Fresh water: 750 L
Fresh-water level indicator: Yes
Black water: 150 L
Black-water extraction: Yes
SAFETY
Automatic/manual activation fire-extinguishing system
Electric bilge pumps
Navigation lights
Horn
GENERATOR & ELECTRICAL SYSTEM
Generator: Kohler 13 kVA – replacement/newer generator installed by the current owner
The previous generator was replaced because it was smaller and had developed a problem.
Battery bank: 6 batteries
Battery age: approx. 1.5 years
Starting batteries: Yes
Service batteries: Yes
Battery monitor: Yes
Battery charger/inverter: Mastervolt 24/80-2
Shore power: 220 V
Inverter/charger: Yes
Electrical retrofit
The yacht has undergone an electrical/lighting retrofit:
Electrical installation updated
Original halogen lighting replaced with LED lighting
Interior ambient LED lighting
Remote autopilot control
USB charging ports
NAVIGATION & ELECTRONICS
The owner reports that the principal navigation electronics were renewed approximately three years ago and are Raymarine.
Equipment includes:
Raymarine navigation electronics
GPS/chartplotter

Radar
Autopilot
Remote autopilot control
VHF
Depth sounder
Log/speed instrumentation
Compass
Navigation lights

Mechanical :
Engines: 2 × MTU V12 2000
Fuel: Diesel
Power: 1,500 HP each / 1,102.5 kW each
Engine serial numbers:
Port / Engine #1: 535000193
Starboard / Engine #2: 535000194
Engine hours: Under 1,000 hours
Drive system: Arneson Surface Drives
Engine controls: Electronic
Gearboxes: Mechanical
Cooling: Freshwater heat exchanger
Exhaust: Water-cooled
Propeller shaft material: Steel
Trim tabs: Yes
Bow thruster: Yes
Stern thruster: No – Arneson Surface Drive propulsion
Maximum speed: approx. 45 knots
Cruising speed: approx. 30 knots
Recent mechanical works
MTU engine maintenance:
MTU carried out major maintenance/service in 2025; invoices available.
Arneson Surface Drives:
Maintenance carried out approximately two years ago. Owner reports no subsequent issues.
Gearboxes:
Currently undergoing maintenance, including replacement of clutch discs.
Antifouling:
Last completed approximately two years ago. Owner intends to renew antifouling once the current gearbox work has been completed.

KEY UPGRADES & RECENT MAINTENANCE
2025
MTU engine maintenance/service performed by MTU
Supporting invoices available
Approx. 2025
Six batteries replaced
Approx. 2023
Raymarine navigation electronics renewed/upgraded
Approx. 2024
