Beschrijving

2008 Princess 54 (Built 2007) - Fully Serviced
Engines: Twin Volvo Penta D12-800 (2 × 775hp) - 995 hours

The Princess 54 is widely recognised as one of Princess Yachts' most successful flybridge designs—celebrated for its superb seakeeping, refined craftsmanship, and an interior layout that offers exceptional space for her size. Blending strong performance with long-range cruising comfort, the 54 delivers a balanced, confident ride with excellent visibility from both helm stations. Her spacious three-cabin layout, large sociable flybridge, and beautifully executed finishes throughout make her an outstanding family cruiser and a proven Mediterranean favourite.

This particular example was built in 2007 and delivered as a 2008 model, offering the later-spec interior and systems that buyers typically seek. She stands out as an exceptionally well-maintained, lightly used Princess 54, benefitting from full-time captain care and private ownership. Used only 3-4 weeks per year and serviced exclusively by an authorised Volvo dealer in Turkey, she presents in excellent cosmetic and mechanical condition. With just 995 hours on her powerful Volvo D12 engines and boasting a strong specification, she is a truly turn-key opportunity.

Key Features

Twin Volvo D12-800 diesel engines (775hp each)
Approx. 31-34 knot top speed
995 engine hours
7 kW diesel generator
24v DC / 240v AC electrical system
240v shore power with 80A float battery charger
Bow thruster (125kgf)
Power-assisted hydraulic steering

Owner's Comments

"There is a captain caring for it. I have had it for five years, purchased it in San Remo, Italy. It is in excellent condition, fully serviced at the Volvo dealer in Turkey with zero issues. I used it only 3-4 weeks per year."
