| Consumenten-electronica | **tv** |
| Veiligheid | **reddingsvlot** |

## Beschrijving

Delivered new in 2022, this Princess V55 is presented in remarkable condition, with a fully documented history since leaving the shipyard. Currently in the hands of its second owner, she has benefited from rigorous maintenance and has only 350 engine hours, reflecting regular but moderate use.

A perfect combination of performance and elegance, this V55 is powered by two Volvo Penta D13 engines of 1,000 HP each. Her particularly comprehensive equipment includes a Seakeeper 9 gyroscopic stabilizer, a Volvo Joystick system, two 10 kW generators, a watermaker, as well as a hydraulic gangway and bathing platform.

On board, the glossy silver oak interior creates a refined and contemporary atmosphere. The intelligently designed saloon is flooded with natural light through its large electric opening roof and opens onto the cockpit, creating a beautiful continuity between the interior and exterior spaces. On the lower deck, three cabins can accommodate six guests.

This Princess V55 represents a very attractive opportunity on the market.

We would be delighted to show you around during a viewing on board.
